

K-Love is a positive, clean station. Salvation message of the Lord Jesus Christ. This station is saving a lot of souls, for heaven. Very negative effect on the community if this was replaced with a LPFM, because K-Love would not be here, and this encouragement of the station would be lost. The reason why K-love is a public interest is because of the message, and children can listen to this station without worrying if something vulgar or inappropriate will be coming from the disc jockeys' mouths. I have been supporting K-love every month for over 6 years. God bless
